SUMMARY

An enthusiastic Software Developer Engineer starting my journey as a Full Stack Developer with expertise in Java, Python, HTML5, CSS and SQL. Proficient in Java and Spring Boot, with a strong foundation in databases, RESTful APIs, and modern web development. Skilled in building robust and scalable web applications that enhance user experience and drive business growth.

EDUCATION

❖ **Master of Computer Application (MCA)**   **CGPA: 8.05 /10**
R.C. Patel Institute of Technology, Shirpur   (Aug '23-July '25)

❖ **Bachelor of Science (B.Sc. Mathematics)**   **CGPA: 9.94 /10**
S.P.D.M. Arts, S.B.B. & S.H.D. Commerce & S.M.A. Science College, Shirpur   (June '20-April '23)

TECHNICAL SKILLS

❖ **Programming Languages:** Java, HTML, CSS, JavaScript.
❖ **Databases:** MySQL, SQL.
❖ **Frameworks & Tools:** Spring Boot, Eclipse, VS Code, Git, Git Hub.

EXPERIENCE

❖ **Technical Support Intern | Campus Credential LLP**   (Dec 2023 – Apr 2024)
- Provided technical assistance to users and resolved software and system-related issues.
- Supported the setup and maintenance of IT infrastructure and user accounts.
- Collaborated with internal teams to ensure smooth system operations and timely issue resolution.

ACADEMIC PROJECTS

❖ **Stationary Management System - Java Based Ecommerce Web Application**
The Stationery Management System is a powerful web application designed to optimize the management of stationery supplies– MySQL, HTML, CSS, Bootstrap, Thymeleaf, JAVA, Spring Boot.

❖ **Random Avatar Generator - APIs Based Web Portal**
The Random Avatar Generator is a dynamic web application designed to create and customize unique avatars for users - JavaScript, React.js.

❖ **Crypto Price Prediction – LSTM Deep Learning Model**
Built a machine learning and deep learning–based system using Python, Scikit-learn, and TensorFlow to predict cryptocurrency prices. Implemented regression and LSTM models for accurate forecasting and deployed an interactive Streamlit dashboard for real-time price visualization.

CERTIFICATIONS

❖ **Java Full Stack Development Course**
(Symbiosis University sponsored by Capgemini).   **[View]**

❖ **Java Full Stack Development Course** (Wipro TalentNext)   **[View]**

ACHIEVEMENTS

❖ Secured University Rank 3 In Graduation and cleared IIT JAM 2023 (B.Sc. Mathematics).

❖ I love to solve coding problems on platforms like HackerRank, Leetcode, HackerEarth etc.
